Wednesday 2\textsuperscript{nd} July, 2014.

Dear Parents and Guardians

**Update 1: New School Classrooms Ready for Use in Early 2015.**

The building contracts have been signed and Cercon takes possession of the building envelope and a large percentage of the Kiss n Ride as of Friday 18\textsuperscript{th} July, 2014.

A pre Building Meeting took place on Tuesday 1\textsuperscript{st} July, 2014. The major thing to come from this meeting which impacts both staff and parents is that Cercon will be taking a larger area of land for their building compound than what was first expected. This is because they want plenty of room to place a storage container, toilet, park cars and be able to drive through the compound when deliveries take place. Cercon will effectively acquisition the entire area from the OshClub end of the kiss n ride up the driveway to the end of the Year 3 classrooms.

There will be NO access into or from the Kiss n Ride at OshClub, (OSHClub/Junior Primary Area Entry, Gate 2) which is at the Northern end of the school grounds. OshClub clients will have to park in the verge parking along Victorsen Parade and walk their children into and out of the school through the Junior Primary Car Park. There will be minimal parking in the vicinity of Gate 4 which is near the main gates. However, it is best not to park in this area during peak traffic times.

I have included a revised map on the reverse side of this letter.

All other information which was presented to you in the letter home to Parents dated 26\textsuperscript{th} June, 2014 is still correct and applicable.

Thank you for the fantastic levels of support over the last few months. We truly appreciate your patience, understanding and tolerance.

As the new term gets underway on Monday 21\textsuperscript{st} July, 2014 we will endeavour to have all updates in the newsletter on a regular basis.

Yours faithfully

Warren Smith  
Eileen Climo
